LAKWOOD MEN'S GOLF CLUB

JANUARY-MARCH 2020 NEWSLETTER

"We learn so many things from golf—how to suffer, for instance."

- Bruce Lansky

Hello Gentlemen,

As we are getting ready to go to press, the March Tournament was just completed and while it wasn't exactly warm out there at least it wasn't like the February event where it came down sideways for quite some time, and at least for me it was just plain miserable. For some of the "mudders" in our Club, they actually enjoy those conditions and that's fine, different strokes for different

## President's Message

folks, but the next time it's like that my entry fee will be donated, and I'll be in the nice warm, dry 19th hole watching them trudge on in, rain golf and me are all done! So, on the subject of tournaments, we are in the early planning stages of making a change to the December event to coincide with the awards dinner we normally have with the Christmas party. In some of the recent years the attendance at the party has dwindled to the point of not being a financial reality for us to continue to do. We were going to make the transition to a shot-gun format with dinner and awards this past year, but due to a scheduling glitch we couldn't pull it off,

however this year we already have the date secured along with Avalon Ballroom reserved. So circle your calendars for Saturday December 12th as this will be a somewhat limited field due to the shot-gun format and the sign-ups will probably go pretty quick when the on-line registration goes live, but there will be ample notice of what that date will be so everyone is aware. As most of you know by now there was a price increase that took effect March 1st, and while that is normally not a popular thing, I would only remind everyone that there has not been a rate change since 2015.

### *President's Message*

During the process of this, our General Manager Dennis Stankovic, has kept myself and the Board updated on this, and as he and his Staff have done since coming to Lakewood, their efforts in communicating with us and having a great working relationship have been nothing short of outstanding. Those of you that played in our monthly event in January know that he sponsored a "Men's Club Appreciation Day" in which all the players that day were entitled to 2 free drinks compliments of Management, and they also have been offering a full brunch on Tournament Sundays for the players for only \$12, which if you have tried it you know it's a great deal. The Presidents Cup play is in full swing now (bracket sheet attached) with most of the first round action completed and even some of the second round is in, and I am ahead of schedule so far, and hopefully we can keep up this torrid killer pace that we have set, and possibly complete then event sooner than ever

before. Many thanks to the players for coming out and helping me to keep the schedule moving. Our next event will be April 19th (hopefully it will be 80 degrees by then) and we will have a General Membership Meeting on April 22nd at 6 PM with dinner and a free drink provided, 50-50 raffle, Club information, and a chance to tell some golfing lies to the other guys there, so please try to attend. In closing, some of the guys have asked how to become a Member of the "Sprinkles Club" and the answer is to see me with your \$1.00 donation for a year !

I have been informed by Management that the earliest the course will re-open is April 20th.

Rest In Peace Virginia Bowling

I remain working for our Club, Play Well Boyz, see you soon.

Steve (Rocky with an R) Burke

Fellow Members of the Wood: I hope you have a positive impression of our new tournament software, USGA TM by GolfGenius. Our Research and Development team is pleased to offer this as a new choice in 21st century golf. No longer will the groups input their scores on our club computer, simply assure yourself that all is legible and correct, then sign your scorecards before submitting them to our metal collection box in the club room. Our Event Managers will help me with data entry. Tournament results, even on the day of the tournament, will be readily available from the GolfGenius GGID#, NTWQQQ. We plan to also display results on a screen in the bar. Or later in the week I will create a tournament results web page using reports from GolfGenius.

I will continue to send out information in our email blasts, however there is a website that has pertinent tournament information. Check it out if you are not familiar with it, from our homepage find "LMGC Tournament Sign-Up Dates" on the left-hand margin.

Certainly by now you have heard of our recent cost increase, so just check the tournament descriptions online for the latest numbers. Also, the website noted above will have some information for you, and feel free to contact me if you have more questions.

Swing smoothly,

## *The Wood - Saturday Team Play*

The 2020 Saturday Team Play season ended on a high note with a 31 to 17 win at Rec Park. This year's team finished with a respectable 4-2 record.

Team members included Ken Foor, Jon McSweeney, Andy Overton, Matt Ginocchio, Elliot Harkness, Eric Reed, Dave Rutkoski, Mark Garber, Doug Sutton, James Isakson, Frank Raduziner, Mike McMonegal, Tony Colon, Bob Baker, Ian Smith, Matt Kerster, Stew Gerns, Mike Mink, John Layana, Christopher Gagan, Steve Burke, Wayne Falcon, Jonathan Deiss, Von Holt, Doug Hutchinson, Gary Renta, Danny Thomas, James Curran, and Zach Jones.

The season started at home vs. South Bay Pub Links on January 18. Lakewood came out on top in this match by a score of 31 to 17, getting off to a great start. Highlight of the day was a hole in one by Ken Foor on number 12.

Our week two match the following Saturday went even better as the team went on the road to Alondra National and beat SBPL by a score of 30 to 18. Winning on the road is tough, so this put us in a position to challenge for the group title. The entire team of 16 guys played well on this day. Our net score as a team was 72.5 strokes.

Our 2-0 start was impressive, but our rivals down the 405 also got off to a great start. El Do beat Rec Park home and away and was also 2-0, and next on our schedule. Week 3 was against El Do at their place. The Men from Wood played well, but not well enough to win, losing by a score of 28 to 20. It's on to week four.

Week four was our home match against El Do. Winning by more than 28 points, which is what El Do got against us in week three, would put us back in the driver's seat. Unfortunately, things did not go as planned. Our small lead disappeared in the last two holes and El Do came away with a hard fought 26 to 22 win. They clinched the group title that day. Lakewood would now be playing for pride the last two weeks of the season.

Week five was our home match against Rec Park. We got back to our winning ways with a close 26 to 22 victory. Joining us that day and helping the cause was Saturday Team Play alumni Evan Rothman.

Week six results are chronicled above and speaks to the resolve of this team as it finished out the season with two wins after being eliminated from playoff contention by El Do, who finished the

season with a perfect 6-0 season. Our 4-2 record got us second in the group. Bring up the rear was SBPL and Rec Park.

## *The Wood - Thursday Team Play*

The Thursday team played against El Dorado, Los Verdes and Industry Hills this year. We started out with a very close loss to El Dorado at their course 26-22 and took revenge at home beating El Dorado 27-21. We then moved on to Los Verdes and played on the ridiculously slick greens and lost 37-11. Again we were able to avenge our loss and beat Los Verdes at home 30-18.

It was then on to Industry Hills where we may have set some kind of record losing the first 30 points ending in a 34-14 loss. At this point we still not far out of it that is until the embarrassing loss to Industry Hills at home 29-19. Looking back we were most always in good shape through the first 15-16 holes and just had a problem closing. Maybe it was all those practice rounds I made the guys play that wore them out.

Participants the year included Kevin Bainton, Bob Baker, Chuck Bolt ,Myron Bowens, Steve Burke, Steve Cisneros, Jack DeVeny, Bill Dunbar, Chris Gagan, Mark Garber, Tom Grau, Scott Griffin, Mike Keane, Eric Larson, Mike McMonegal, Mike Mink, Mike Redmerski, Scott Richards, Bob Robilotta, Andy Overton, Mike Parks, Ken Smith, Craig Tagler and Darl Winston. Hopefully everyone had fun and enjoyed the completion.

A special thanks to Chuck Bolt who took care of the away matches. We have scheduled our season wrap-up mini tournament for all participants at Lakewood on March 26, where we will play for a share of the excess funds collected during the season.

## Lakewood's toughest holes

How many times does a guy say "that hole always eats my lunch"?

Once again the top three hardest holes:

#6, #1 and #2

The easiest hole #14

Hardest par 3 #12

Hardest par 4 #6

Hardest par 5 #9

## **“I own that hole”**

This award has plenty of bragging rights. Each winner played a hole at Lakewood better than the entire field consistently over the entire year. Remarkable in most cases their average score was under par with a minimum requirement of playing the hole at least 4 times.

The award for the individual who played each hole the best:

#1 Matt Beard 3.40 (Under Par)

Honorable mention Eric Reed 4.00

#2 Matt Beard 3.80 (Under Par)

Honorable mention Ken Foor 3.86 (Under Par)

Congratulations to all of the winners! Practice and plan for a great new season!

## WHY IS MY NEW HANDICAP SO LOW?

The USGA implemented the new world handicap system determining a player's handicap and how many strokes they receive when they play (both are different numbers). Just remember these two definitions:

**Handicap Index:** Your handicap, although not the number of strokes you receive for a round.

**Course Handicap:** the number of strokes you receive on any given course.

The math formulas for a "Handicap Index" changed however not significantly. All players will see a decrease in their "Course Handicap" when we play the white tees. Here's why:

Old formula:  $\text{Course Handicap} = (\text{Handicap Index} \times \text{slope rating} / 113)$

New formula:  $\text{Course Handicap} = (\text{Handicap Index} \times \text{slope rating} / 113) + (\text{course rating} - \text{par})$

6<sup>th</sup> grade math reveals the difference: (course rating – par). The number of shots you now receive is heavily influenced by the course rating at Lakewood (since par is always the same). From the white tees the course rating is 70 which is 2 shots lower than the par of 72, therefore every player in the field will have their "Course Handicap" two shots lower (compared to last year). From the championship tees the course rating is 73 which is 1 shot over the Lakewood par of 72 therefore everyone would receive an additional shot compared to last year.

There are other changes, if you have additional math questions track down our numbers guy **Ken Klein**.
